ZIGGY ZAPATA'S

FLYING HIGH

DUO - TRIO - QUARTET

FLYING HIGH is eminently suitable for any event. Playing a wide variety of music from 50's, 60's and 70's Rock and Roll, Country and Western and Ballads to Old Time hits and Instrumentals, **FLYING HIGH** really makes every occasion very special.

Anchor of **FLYING HIGH**, "Guitarist Extraordinaire" Ziggy Zapata has been a professional musician and entertainer for most of his life. Not only headlining his own concert and cabaret shows, Ziggy performs as the support act for many international artistes and has featured for decades on a host of famous cruise ships. His amazing dexterity on guitar always thrills his audiences and he performs the most complex music with ease.

Ziggy uses a variety of partners in **FLYING HIGH**, depending on the nature and requirements of the performance. From accomplished bassists, keyboard players, drummers, horn players and talented vocalists, **FLYING HIGH** always sounds fabulous.

Many modern bands hide their lack of musical ability by harnessing modern electronics and computers to do the playing for them, but sound very artificial in the process. Some even mime instead of actually playing. **FLYING HIGH** does not need such trickery, but always plays "live" and performs authentic and exciting music by sheer virtuosity. **FLYING HIGH** always sounds fresh and exciting and will suit any event.
