

OCCUPATIONAL HEALTH AND SAFETY POLICY

As a sole trader with no employees, Ziggy Zapata Enterprises (the Company) provides entertainment services to venues in Australia and internationally. Ziggy Zapata Enterprises recognises the importance of a safe and healthy work environment for all performers and musicians booked.

The goal of the Company is to endeavour to ensure that all occupational injuries and illness are minimised, while realising that the Company has very little or no control over the activities and practices of subcontractors.

The Company will seek to achieve this by:

- Requiring that all performers booked adhere to safe working practices.
- Requiring that all performers booked not engage in activities that may jeopardise the safety of themselves or the staff and patrons of the venues in which they perform.
- Refusing to perform in any environment that they deem to be unsafe or hazardous.
- Requiring that all performers booked familiarise themselves with emergency procedures in any venue in which they perform.
- Requiring that all performers booked obey safety directions given to them by venue employees or venue management.

All performers booked by Ziggy Zapata Enterprises are expected to:

- Follow all safety requirements and relevant Codes of Practice.
- Maintain their equipment in a safe state.
- Report all injuries and safety incidents.
