"Guitarist Extraordinaire"

ZIGGY ZAPATA

SOLO MUSIC

Well known concert and cabaret artiste Ziggy Zapata also performs as a Solo Musical Entertainer or "One Man Band" for clubs, hotels, private and corporate events.

His many years of vast experience in music and show business means that Ziggy really knows how to entertain his audience with remarkable skill. His speed and dexterity on the guitar always astounds and amazes lovers of this very challenging instrument.

With music ranging from 50's, 60's and 70's hits to Ballads, Country and Western, Old Time, Folk Songs, Latin American, favourites from Musicals and songs in many languages, Ziggy really keeps everybody jumping with unbounded energy, zany comedy and audience participation.

Unlike many solo performers who use computerised equipment to provide their musical backing and who even mime instead of playing, Ziggy is a very highly regarded guitar virtuoso who plays every note with no faking.

Ziggy was honoured by his show business peers by winning the prestigious Australian Entertainment MO Award twice and being a finalist many times in a number of categories. He has also been a finalist three times in the Australian Club Entertainment Awards.
